LITTLE SEED

I took a little seed one day
About a month ago,
I put it in a pot of dirt
In hopes that it would grow

I poured a little water
To make the soil right,
I set the pot upon the sill
Where the sun would give
It light.

I checked the pot everyday
And turned it once or twice,
With the little care and water
I helped it grow so nice.

Eggs

Lots of animals come from eggs
Some with fins
And some with legs;
Some that chatter
And some that cheep,
Some that fly
And some that creep;
Some that slither
And some that own,
Some with feathers
And some with none;
The animals here
They're quite a few,
Hatch from eggs
And lay them, too.

PARENTING TIPS: "LET'S REFRAME"

Spreading Love, One Word at a Time – Why Expressing Positivity Between Parents Creates a Flourishing Environment for Child Development?

Did you grow up hearing your parents saying encouraging words about one another? Do you know the positive impact it had on you?

For Example:

"Let's ask Daddy what he thinks, he usually has creative ideas."

"I appreciate how hard your mom or dad works to provide for our family. It shows her dedication and responsibility."

"I appreciate your dad making efforts to spend time with us on weekends, though he is very busy. It makes our family bond even stronger."

WHY & HOW DOES IT MATTER?

Kids feel safe and secure knowing their parents feel secure with one another.

Your child hearing you express love and respect towards your partner: their parent, gives them confidence in their world.

Also, practicing saying kind things about your partner reminds us that we actually believe in them, even though we have opportunities to believe otherwise throughout the day.

Environments that are supportive of each other happen to continue that way and when they are out of sync, that is easily noticed too! That is one of the biggest motivators in building this habit. It's actually the lack of support, for each individual part of the family and negative comments that lead to habits like hiding problems, feelings of loneliness or low self-esteem. Children that hear supportive communication between partners feel safer and secure knowing that their parents feel secure with one and another. They are more likely to give supportive communication in teamwork and among relationships which means they are modeling healthy interpersonal communications they witness. Building a practice of compassion and support into our communication styles means our children will speak this to themselves and those they care about regularly as well. So let's help our kids to foster positive communication.

BUILDING BRIDGES TO INCLUSION

GREETINGS! TODAY, WE SHED LIGHT ON AUTISM SPECTRUM DISORDER (ASD), EMPHASIZING THE IMPORTANCE OF UNDERSTANDING AND SUPPORTING AUTISTIC CHILDREN TO CREATE AN INCLUSIVE AND COMPASSIONATE COMMUNITY.

AROUND 75 MILLION PEOPLE GLOBALLY, CONSTITUTING 1% OF THE POPULATION, ARE AFFECTED BY ASD. EARLY RECOGNITION OF SIGNS SUCH AS LIMITED EYE CONTACT, DELAYED SPEECH, AND REPETITIVE BEHAVIORS IS CRUCIAL. PARENTS SHOULD SEEK PROFESSIONAL GUIDANCE FOR DEVELOPMENTAL SCREENINGS, PROACTIVELY ENGAGE IN EARLY INTERVENTION PROGRAMS, AND PROVIDE A SUPPORTIVE HOME ENVIRONMENT CATERING TO THEIR CHILD'S SENSORY NEEDS.

EDIFY WORLD SCHOOL ATTAPUR EXCELS AS AN INCLUSIVE EDUCATIONAL INSTITUTION, DEDICATED TO ACCOMMODATING AUTISTIC STUDENTS. THE SCHOOL, WITH STUDENT COUNSELORS, IMPLEMENTS TAILORED LEARNING ACTIVITIES, CREATING AN ACCESSIBLE AND ENJOYABLE ENVIRONMENT FOR ALL STUDENTS, INCLUDING THOSE WITH AUTISM.

CREATING AN INCLUSIVE COMMUNITY INVOLVES FOSTERING AWARENESS, EMPATHY, AND UNDERSTANDING. BY EDUCATING AND PROMOTING ACCEPTANCE, WE CAN BUILD A SOCIETY WHERE EVERYONE, REGARDLESS OF NEURODIVERSITY, THRIVES.

"AUTISM IS NOT A PUZZLE TO BE SOLVED BUT A JOURNEY TO BE EMBRACED. IN OUR DIFFERENCES, WE FIND STRENGTH; IN OUR ACCEPTANCE, WE DISCOVER LOVE."
